## Claim Rejections - 35 U.S.C. §112

The Examiner has stated:

Claims 1-7 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The specification does not support the claimed limitation of "the deletion sequence being different from both the recording sequence and a reverse of the recording sequence" [see claim 1, lines 9-11]. ...

6

Claim 8 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

a. The intended means for "program means" in line 2 is unclear. The claim is directed to a computer program product. Should "program means", in line 2, be replaced with – program codes executable by a computer--? Furthermore, "code means" in lines 5 and 8 should be replaced with –program codes-.

#### Allowable Subject Matter

The allowability of claims 1-8 will be determined when the claims are amended to overcome the rejections under USC 112, as set forth above.

In response, the specification has been amended to address the 35 U.S.C. 112 rejection. Specifically, the phrase "the deletion sequence being different from both the recording sequence and a reverse of the recording sequence" has been added to the specification at the paragraph beginning on page 7, line 7. Support for the amendment to the specification is found in independent claim 1. Applicant respectfully submits that no new matter has been presented. Applicant respectfully submits that claim 1 now complies with 35 U.S.C. 112, first paragraph.

Dependent claims 2-7 depend from claim 1. Accordingly, Applicant respectfully submits that claims 2-7 are also definite under 35 U.S.C. 112, first paragraph, for at least the same reasons as claim 1.

Claim 8 has been amended to address the 35 U.S.C. 112 rejection. Specifically, the phrase "program means" has been replaced with the phrase "program codes executable by a computer," and the phrase "code means" has been replaced with the phrase "program codes." Support for the amendment to claim 8 is found on page 8, lines 15-21 of the specification.

Applicant respectfully submits that no new matter has been presented. Applicant respectfully submits that claim 1, as amended, is clear under 35 U.S.C. 112, second paragraph.
